## Vision

*To become an exemplary leading educational complex driving excellence in latest learning practices and research at par with the international educational standards and to produce health care workers for the next generation with highest level of competence and professionalism.*

## Mission

*To inspire students and faculty members and to offer a conducive and progressive environment at all stages of learning and development to reach their full potential and in doing so reap a positive impact on the society. In the process of training and imparting clinical training the students are to be equipped with critical and professional skills with focus on inculcation of Islamic ethical values and to inculcate social awareness among them to serve the under developed areas.*

Amna Inayat Medical & Educational Complex

# **CHAIRPERSON** MESSAGE

*The journey of the Amna Inayat Medical and Educational complex begin back in 2008-2009. With a mission to impart quality education and to nurture the intelligence and creative minds in the right direction we established Amna Inayat Medical College, Faryal Dental College, Muhafizat institute of allied health sciences and currently in the last phases of establishing Nursing College.*

*Our endeavour has always been to provide the best to the students and to prepare them to take up the challenges of tomorrow so that when they come out of the institutions, they are competent to handle the responsibilities of the medical profession.*

*The attached tertiary care hospital, Kishwar Fazal Hosptal built within the campus provides with excellent patient care facilities and provides the students good opportunities to learn bedside manners and clinical skills. Further expansion of the hospital has been planned which will be to accommodate more health care facilities like state of art operation theatres, Cath Lab and OPD's to cater to the growing requirements of the patients.*

*I would like to congratulate the faculty for taking innovative measures during the current time of crisis in COVID-19 to ensure that the transfer of knowledge was not interrupted to the students by setting up an E-learning resource centre.*

*I am excited about the momentum we are creating to address the growing need for primary care physicians who are trained to deliver high quality, compassionate care. On behalf of the Board of Directors I welcome you to the future of healthcare.*

**Prof. Dr. Tahira Murtaza Cheema**

MBBS (PU) BSc (PU), MRCP (UK), FRCP (Edin)

Best graduate , Gold Medallist

Professor of Medicine

Ex HOD & Dean of Medicine KEMU

Ex HOD & Chairperson Medicine & Allied FJMU

# Amna Inayat Medical College **PRINCIPAL** MESSAGE

*It is a matter of great pride and privilege for me to welcome you at Amna Inayat Medical College. You are making one of the most important decisions of your life and have opted for a career which is exciting, rewarding and perhaps most importantly – exquisitely humbling. We understand that the true measure of an educational institute is not just to gain academic excellence but also to nurture creativity, individuality and leadership in the students while striving for quality in teaching and learning.*

*The value of education is perceived only when it is shared or practiced for a dignified cause. We understand that the true measure of an educational institute is not just to gain academic excellence but also to nurture creativity, individuality and leadership in the students while striving for quality in teaching and learning.*

*Our goal is to produce competent doctors who have knowledge, intellect and integrity. Our intention is to provide a safe and intellectually challenging environment that will enable the students to become innovative thinkers, creative problem solvers and inspired learners, prepared to thrive in the progressive world.*

*While the COVID-19 pandemic has posed serious challenges to the way we work, it has also caused us to take time to think through innovations, and to imagine a radically different world from the one we had become used to. One such innovation by our faculty is the facilitation for students to provide online lectures through a dedicated portal all year around so as to promote and encourage self-learning practices in order to excel.*

*True to its mission, it has been our constant endeavor to train competent, compassionate and caring physicians through excellence in teaching, patient care, and medical research.*

*I wish you the very best in your future endeavors.*

**Prof. Dr. Ghulam Murtaza Cheema**

MBBS, FRCS, FCPS (Orth)  
Professor of Orthopaedic Surgery  
Ex Professor PGMI / AIMC Lahore

Faryal Dental College  
**PRINCIPAL**  
**MESSAGE**

---

*It is a matter of great honour and privilege as Principal of Faryal Dental College to welcome you all to our dental institution. For most students joining a medical / dental college to graduate as doctors is a childhood dream. We at FDC work to make this dream come true. At FDC we provide an environment that fosters innovation, discovery and scholarly activity an environment that makes it possible to educate as well as to teach students.*

*To some, these words may seem interchangeable, but we submit that there is a significant difference. To us teaching implies the transfer of knowledge from person to person from teacher to student. We intend to make our students lifelong learners: those who embrace new initiatives and opportunities in the field of medicine. Choose FDC to attain your career goals where in you will find a rich and rewarding clinical environment coupled with a unique educational experience.*

*Our outstanding faculty works closely with our patients and students. It supports diversity in thinking and encourages innovative, alternative approaches to issues. Additionally it is one that approaches oral health care with a superb set of skills and an unmatched commitment to excellence and is eager to take on new challenges while having a strong sense of social responsibility in true spirit of scholastic brilliance and a morally sound ethos.*

*I feel proud to lead this institute and hope all of you at Faryal Dental College to share this pride and play your roles in materializing the dream of making this college the premier dental institution in our country.*

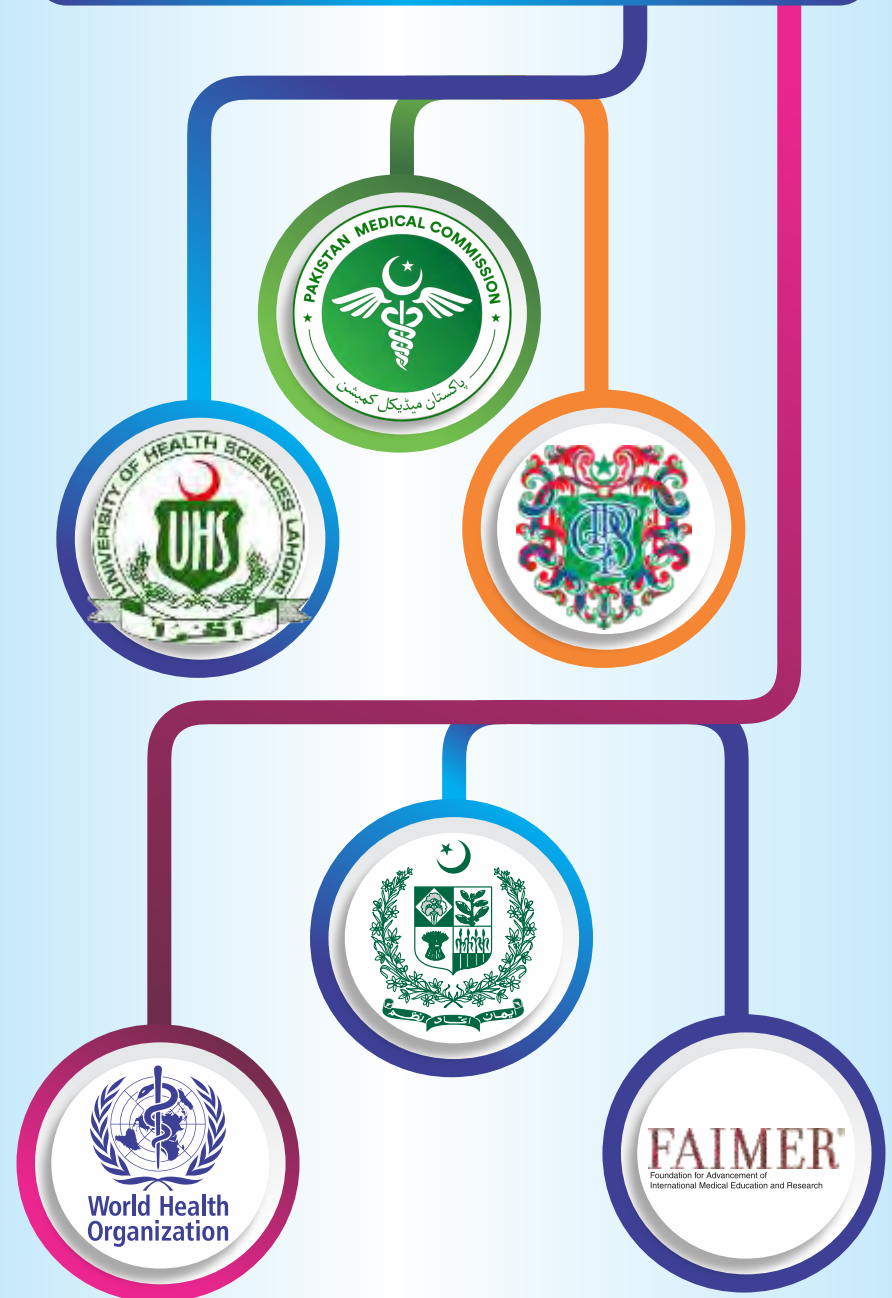

**Prof. Dr. Ashfaq-ur-Raheem**

- Included in the WHO Avicenna Directory of Medical Colleges
- Included in International Medical Education Directory by FAIMER

## ACCREDITATION STATUS

# Campus at a Glance

## On Campus Facilities

- ⦿ Most modern air-conditioned Lecture Theaters & Demonstration rooms.
- ⦿ Spacious State of the art Auditorium with more than 500 seating capacity.
- ⦿ Most modern library with latest text & reference books.
- ⦿ National & International journals.
- ⦿ Latest IT Lab Separate for Faculty & Students.
- ⦿ Well-equipped air-conditioned Labs.
- ⦿ Facility for Indoor & Outdoor Games.
- ⦿ Common Rooms for students.
- ⦿ Separate Hostel Facility for Male & female students.
- ⦿ Pick & Drop facility for all the students & faculty in air-conditioned Coaches.
- ⦿ State of Art of 75 Unit Dental Hospital.
- ⦿ Kishwar Fazal Hospital and affiliated Hospitals having capacity of more than 600 beds with all the facilities of modern medicine and surgical sciences.

# AUDITORIUM

*The college campus has a dedicated 8000 square feet auditorium which has been the centre stage for a number of our students who have proved their mettle in academics, dramatics, debates, musicals and other talent shows. This grand air-conditioned/ heating Auditorium has a capacity of more than 530 seats with dual projection systems.*

*The college has dedicated state of art Museums of Anatomy, Forensic Medicine, Pathology, Community Medicine, Dentistry and Pharmacology along with state of art and audiovisual equipped lecture halls and tutorial rooms.*

# State of the Art MUSEUMS

# LECTURE HALLS & TUTORIAL ROOMS

## LIBRARY

*The Campus Library aims to encourage and support both the academic and research activities among the students, faculty members and staff. The campus library is equipped with a full range of services that include book loans, online information searching, access to digital information sources and easy access to advance learning facilities. More so access to online video lectures and assessments (created by the tremendous contributions and efforts of our worthy faculty) is granted to the students through the Student E-Learning Centre to promote self-learning among the students.*

## IT & E-LEARNING FACILITY

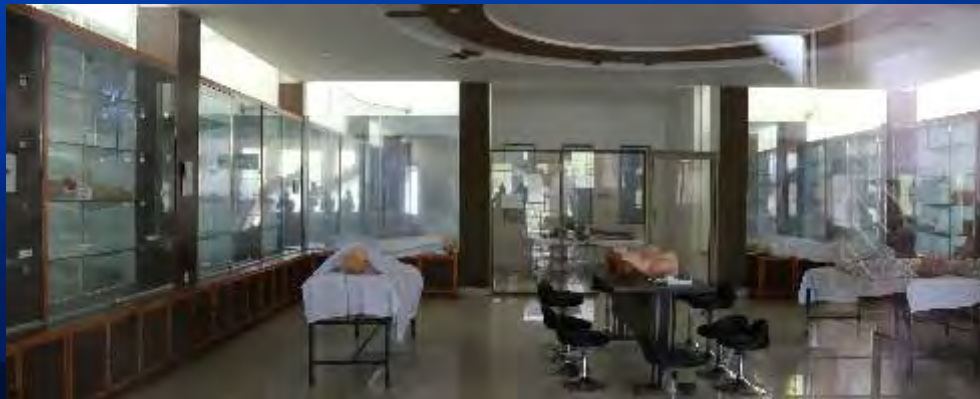

# LABORATORIES FOR TEACHING AND RESEARCH

*The college building has a well-equipped, well-resourced, spacious and air conditioned laboratories dedicated for scientific research and conducting practical experiments for undergraduate programs. These laboratories supports the laboratory based teaching of subjects of Histology, Biochemistry, Physiology, Pathology, Microbiology, Pharmacology, Community Medicine, Forensic Medicine, Science of Dental Materials, Oral Pathology, Oral Biology and Community Dentistry. In addition to the above the Department of Anatomy has a separate well-furnished Dissection hall with dissection tables and instruments and provides excellent opportunities to the students to work on latest models and cadavers for dissection and demonstration.*

## SIMULATION AND PHANTOM HEAD LABORATORY

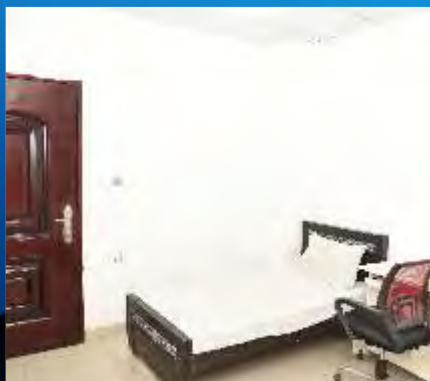

*The Simulation and Phantom Head Laboratories in the campus serve the purpose of developing student's skills and attitudes during clinical training before they are exposed to actual patients and thus ensures patients safety. The mission of the simulation labs is to promote clinical competence and enhance the skills of both medical and dental students during their undergraduate and postgraduate training.*

## CONFERENCE ROOM

## HOSTELS

*Situated on the lush green lawns of the campus are dedicated separate hostels for both girls and boys which provide adequate accommodation to regular full time non- resident students. The hostels have both shared and individualized cubicles catering to the individual of the students. Security, Wi-Fi Facilities as well as dinning facilities are being provided around the clock to the students residing in the hostels.*

## CAFETERIA & TUCK SHOP

*Situated in Dastagir Block of the Campus the cafeteria provides its students, staff and faculty a place to relax, interact, rejuvenate and enjoy their meals. The well maintained and well equipped Cafeteria has dedicated dining facilities along with around the clock tuck shop which provides basic and general necessities for the hostilities.*

# MOSQUE

# IN CAMPUS BANK FACILITY

# SPORTS FACILITIES & PLAYGROUNDS

# AMNA INAYAT MEDICAL COLLEGE

**AMNA INAYAT MEDICAL COLLEGE**  
*Faculty & Departments*

# DEPARTMENT OF ANATOMY

**Prof. Dr. Mamoonah Nahid**  
*Head of Anatomy Department*

*Department of Anatomy have three professors on the faculty and include associate and assistant professor, demonstrators and FCPS anatomy resident. We have three laboratories for histology, practical demonstrations, and interactive teaching. For student learning and teaching, we have a dissection hall with cadavers and anatomy museum with state of the art models and mannequins.*

*Also the department has research centers for both FCPS and Mphil.*

**Prof. Dr. Mian Azhar Ahmad**

**Prof. Dr. Irfan Qadir**

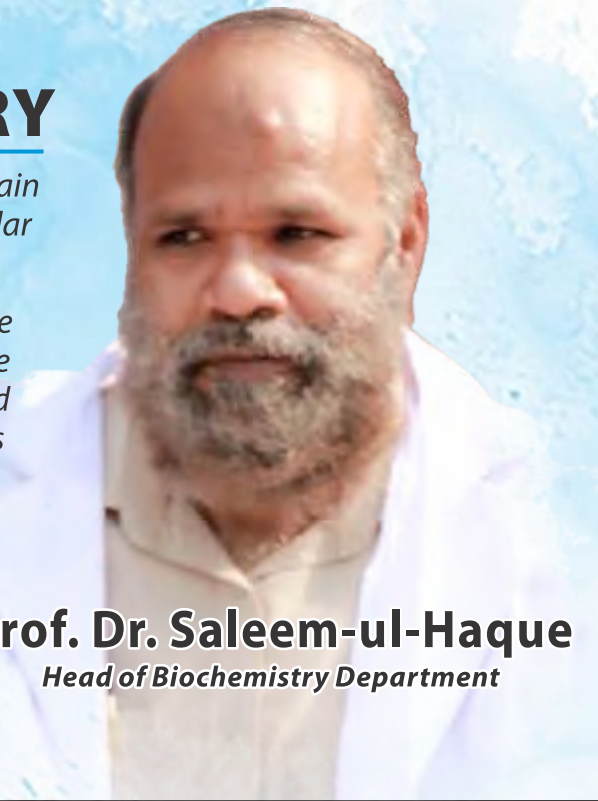

# DEPARTMENT OF BIOCHEMISTRY

*Biochemistry is one of the basic medical science subjects which explain biological processes or reactions taking place at the cellular & molecular level.*

*Department of Biochemistry was fully established & functional since 2011. Department has well experienced faculty members. It is located on the 1st floor of the college building. Academically department has been engaged for undergraduate teaching for BDS & MBBS Programs. It has spacious laboratory, well equipped latest version instruments like spectrophotometer, colorimeter running under the supervision of well qualified teaching and other LAB staffs. Department of Biochemistry has awarded many distinctions in MBBS & BDS programs since affiliated with University of Health sciences. Department got 94 % University results in MBBS 1st Prof & 2nd Prof 2019-20 respectively.*

**Prof. Dr. Talmeez Zaib**

**Prof. Dr. Saleem-ul-Haque**  
*Head of Biochemistry Department*

# DEPARTMENT OF **PHYSIOLOGY**

*Physiology is the study of functions of human body. This basic medical science is pivotal as it makes the backbone of Medicine. The Department teaches Physiology to the students of medical, dental and allied health science programs. The department is equipped with a well-developed laboratory having latest equipment including power lab to perform practicals. Physiology department has close interdepartmental collaboration with the departments of Anatomy and Biochemistry to provide our students with high quality experience of learning and teaching at the college. The Department will continue to strive and thrive in terms of integration of theory and practice, combination of basic and clinical medicine and balanced developments in both research and teaching.*

**Prof. Dr. Sadia Zafar**

*Head of Physiology Department*

# DEPARTMENT OF **PHARMACOLOGY**

*Department of pharmacology was started in 2011 and is fully developed department. It has a well equipped laboratory with every kind of instruments and chemicals needed for the experimental work of MBBS and BDS students. It has also museum, demonstration room and lecture hall with all modern audio visual facilities. Department has also animal house.*

**Prof. Dr. Zulfiqar-ul Hassan**

**Prof. Dr. Zahid Qamar**  
*Head of Pharmacology Department*

## DEPARTMENT OF **PATHOLOGY**

*Pathology is a branch of medicine that bridges the clinical and non clinical subjects . Pathologists work in coordination with clinicians to diagnose different ailments. Subject of Pathology is being taught to third and fourth academic years of MBBS and second academic year of BDS. Mission of Pathology department is to provide a quality education of modern time medicine to make students, a highly intelligent, proficient professional and skillful health providers for our community and the humanity as a whole.*

**Prof. Dr. Rabia Jamil**

**Prof. Dr. Iffat Javaid**

*Head of Pathology Department*

## DEPARTMENT OF **FORENSIC MEDICINE**

*State of the art department of Forensic Medicine comprises of qualified faculty/staff, architecture, where undergraduate third year MBBS students are rendered lectures, holding practical and practicing various skills relevant to the subject.*

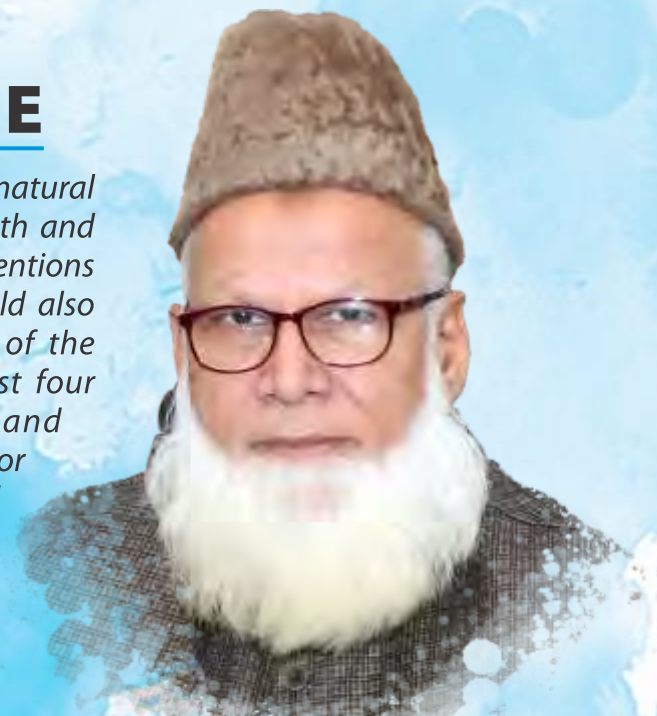

**Prof. Dr. Naseer Ahmed Ch.**

*Head of Forensic Medicine Department*

## DEPARTMENT OF COMMUNITY MEDICINE

*Community Health Sciences is concerned with the prevention of disease, the determinants and natural history of disease in populations, and the influence of the environment and society on health and disease. Community Health Sciences focuses on avoiding the influx of disease, developing interventions which can prevent diseases and promote health and wellbeing in the communities. The field also identifies environmental and societal factors which may result in the declining health of the communities. The department of Community Health Sciences trains students for the first four formative years of medical education teaching them the socioeconomic diversity and health conditions of the communities. This is done through field trips, arranging health activities for communities and public health events which imbibe in the students a sense of responsibility and empathy towards the common public. The department also teaches an extensive range of subjects of Public Health which include Epidemiology, Bio-statistics, Demography, Health Research methodologies, prevention and control of communicable and non-communicable diseases.*

**Prof. Dr. Abdul Razzaq Malik**  
*Head Of Community Medicine Department*

**Dr. Ghazala Musa**  
*Head of Behavioural Sciences Department*

## DEPARTMENT OF BEHAVIOURAL SCIENCES

Providing Mental Health facilities and providing clinical services to the OPD patients, Indoor Patients and Addiction Rehabilitation.

Doing the training, teaching and clinical work with 3rd & Final Year MBBS and 2nd Year BDS students.

## DEPARTMENT OF INTERNAL MEDICINE

*The department of Medicine has been serving the local community of the area since the Amna Inayat Medical College came into existence. There overall goal has been the service of humanity and at the same time, imparting highest standard of Medical Education. The department of Medicine implements student based learning techniques, to achieve not only academic learning outcomes but also improving students' behavioural, social and ethical development outcomes.*

**Prof. Dr. Tahira Murtaza Cheema**

*Head of Internal Medicine Department*

**Prof. Dr. M. Azhar Shah**

## DEPARTMENT OF MEDICAL EDUCATION

*There has been a rapid development in medicine that is accompanied with great increase in awareness among patients. Medical curricula have become more complex with newer methods of curriculum delivery being innovated and adopted. Medical education department is therefore expected to have the ability to train its faculty members to develop new skills that correspond to these changes. Medical Education department of AIMEC Lahore has a vision to provide a learning environment in which competence is fostered not primarily by teaching to impart knowledge, but through encouraging an inquisitive style of learning making learners to reflect critically. Our DME oversees the process of medical education in medical and dental colleges and provides many educational services to support, evaluate and thus enhance the educational role. Its roles revolve around research, teaching and providing educational support in areas of curriculum development and assessment.*

**Dr. Sadia Sharif**

**Dr. Sohail Anjum**

*Head Of Medical Education Department*

## DEPARTMENT OF ORTHOPAEDICS

*The department of Orthopaedics established in Kishwar Fazal Hospital provides a comprehensive program for patients who experience degenerative and acute joint, back and neck conditions as a result of trauma, illness or aging. The department exercises combination of patient education, individualized care, advanced treatment, and reconstruction options to ensure that patients achieve the highest level of independence and physical function.*

*The department is recognized by College of Physicians and Surgeons of Pakistan and plays an active role in imparting clinical training and teaching to both postgraduate and undergraduate students.*

**Prof. Dr. Ghulam Murtaza Cheema**

*Head of Orthopaedics Department*

## DEPARTMENT OF OPHTHALMOLOGY

*Department of Ophthalmology is well equipped and provide Services in OPD along with performing surgeries in Operation Theatre. Ophthalmology ward consists of 15 beds with ICU facilities.*

*Departments is actively involved in teaching and clinical Training of undergraduate students in lectures, clinics and Through E-Learning techniques.*

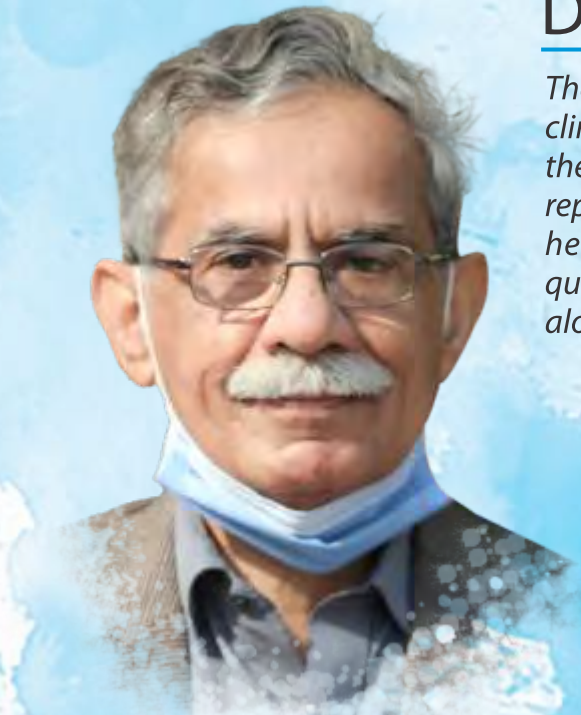

**Prof. Dr. Mumtaz Hussain**

*Head of Ophthalmology Department*

## DEPARTMENT OF ENT

*The department of ENT is actively engaged in teaching and clinical training to undergraduate MBBS students. In addition the department provides health care facilities to ENT Patients reporting to attached hospital. The provision of facilities for hearing handicapped patients has greatly enhanced the quality of patient care. The department has 20 bedded ward along with ICU facilities.*

**Prof. Dr. Azhar Hameed**  
*Head of ENT Department*

**Prof. Dr. Abdul Rehman**

## DEPARTMENT OF RADIOLOGY

*Established in Kishwar Fazal Hospital the Department of Radiology and Imaging is at the forefront of innovation and advancement. It is a highly advanced, full service department equipped with latest state of art equipment such as colour doppler, ultrasound machines, CT Scan, MRI etc. and strives to meet the patients need. The department supports and provides diagnostic imaging and Image-guided therapies as part of essential services to all the surgical, medical and allied departments of Kishwar fazal Hospital and adjoining areas.*

**Dr. Shamim Akhtar**  
*Head of Radiology Department*

# DEPARTMENT OF OBSTETRICS & GYNACOLOGY

*Obstetrics And Gynecology Department is the most dedicated department of AMNA INAYUT MEDICAL COLLEGE AND KISHWER FAZAL TEACHING HOSPITAL. It is 77 bedded well Established with functional and Well equipped OPERATION THEATER, LABOUR ROOM, INDOOR and OUT PATIENT DEPARTMENT ( Antenatal care, Infertility, Gynecological problems and Family planning services. It provides 24/7 EMERGENCY services by highly qualified and Competent staff. The unit has structured programme for undergraduate MBBS students and post graduate students. The GYNAE department is recognized by CPSP for Post graduation.*

**Prof. Dr. Asma Gull**

*Head of Obstetrics & Gynecology Department*

# DEPARTMENT OF PAEDIATRICS

*Department of Pediatrics is equipped with Pediatric OPD facilities along with immunization centre approved by Punjab government. Department has 20 bedded Pediatric ward along with 8 bedded state of the art Pediatric ICU. Department is also blessed with the facility of 12 bedded Neonatal unit.*

**Prof. Dr. Najam-ul-Hassan**

*Head of Paediatrics Department*

# DEPARTMENT OF GENERAL SURGERY

*The Department of General Surgery was established in the year 2010 in Kishwar Fazal Hospital.*

*The General Surgery Department is the most vibrant and dynamic department of Kishwar Fazal Hospital, comprising of 80 beds equipped with most modern equipments and one 20 bedded Surgical Intensive Care Unit (ICU) which is studded with fully functional 20 monitors and 20 modern ventilators. The ward caters Accident and Emergency services 24/7 and is attached with a modern Emergency theater, which has the ancillary services of HDU, Emergency Radiological and Pathological facilities. The department is performing every sort of major and minor surgical procedures, like colorectal, hepato-biliary, and cancer surgeries, thyroid, head and neck and breast surgeries. The department has a special interest in minimal access surgery and is being done in the form of Laparoscopic Surgeries like cholecystectomy, hemicolectomies etc.*

*The department imparts clinical training and skills by teaching to the students of both Amna Inayat Medical College and Faryal Dental College through its highly specialized and dedicated team of surgeons.*

**Prof. Dr. Sikandar Hayat Gondal**  
*Head of General Surgery Department*

**Dr. Usman Zeeshan**  
*Head of Anaesthesiology Department*

# DEPARTMENT OF ANAESTHESIOLOGY

*The department of anesthesiology deals with the application and scientific knowledge of anesthetics and plays a vital role in pain management in the Operation theatres and Intensive Care Unit of Kishwar Fazal Hospital. The department is committed and obligated to teach the students in the field of anesthesiology along with imparting training and teaching the pre clinical set of skills required like basic life support, Cardiac Life Support through its dedicated state of art Skill Lab.*

# FARYAL DENTAL COLLEGE

**FARYAL DENTAL COLLEGE**  
*Faculty & Departments*

## DEPARTMENT OF **ORAL & MAXILLOFACIAL SURGERY**

*Oral and Maxillofacial Surgery (OMFS) is the specialty of Dentistry that encompasses the art and science of the diagnosis and surgical management of diseases, injuries, and defects of the oral and maxillofacial region.*

*The Department of Oral and Maxillofacial surgery is recognized for post graduate training under the auspices of College of Physicians and Surgeons for FCPS in the subject of Oral and Maxillofacial surgery. Presently four postgraduate trainees of FCPS are doing their residency in this department.*

**Prof. Dr. Ashfaq-ur-Rahim**  
*Head of Oral Maxillofacial Surgery Department*

## DEPARTMENT OF **PROSTHODONTICS**

*The department of Prosthodontics is a clinical specialty of Dentistry which provides patient care by providing restorations of missing teeth, facial structures by means of artificial prosthesis whether it be fixed, implant supported or removable. It also provides adjunct services like appliances for TMJ dysfunctions, surgical stents and maxillofacial prosthesis such as eyes, nose, ear and other facial structures which cannot be otherwise managed through surgical grafts. The objective of the department is to provide a high standard of teaching and training to its undergraduate students in the preclinical and clinical years along with thorough understanding and holistic approach in the field of Prosthodontics.*

**Prof. Dr. Saad Mateen**  
*Head of Prosthodontics Department*

## DEPARTMENT OF ORTHODONTICS

*Our undergraduate BDS course outline of orthodontics intends to familiarize students with knowledge of craniofacial growth, development of dentition followed by diagnosis and management of dentofacial or skeletal anomalies. Our department, in line with the vision of our institute and guidelines of PMDC and UHS, facilitates students to excel in academics along with incorporating clinical skills and empathy, focusing on learning and management*

**Prof. Dr. Farhat Amin**

*Head of Orthodontics Department*

## DEPARTMENT OF COMMUNITY & PREVENTIVE DENTISTRY

*Community & Preventive Dentistry Department prevents and controls Dental diseases and promotes Dental Health through organized community efforts. In this department students learn the approach regarding prevention of oral diseases and department provide professional training in oral health promotion keeping in mind community oral health needs of Pakistan.*

**Prof. Dr. Fahd Mehtab Dogar**

*Head of Community &  
Preventive Department*

## DEPARTMENT OF ORAL BIOLOGY

*Oral Biology deals with the histology, anatomy and physiology of oral structures. It forms the foundation for clinical sciences through knowledge of gross and histological study of oral cavity. The department has dedicated state of art laboratory which enables the students to build a firm foundation for the forthcoming years during BDS.*

*The aim of this department is to educate students in modern scientific approaches to oral biology and oral disease. The mission of this department is to provide an encouraging environment to develop the intellectual capacity, critical thinking, creativity, and problem solving ability of its students so that they may become honorable, contributing, and forward-thinking members of the science and dental community; to foster a conducive environment for scholarly and creative activities so that new knowledge or solutions to problems are discovered or created; and to provide education to all students in the College so that they may be equipped to succeed in the modern world.*

**Dr. Afifa Ehsan**

*Head of Oral Biology Department*

## DEPARTMENT OF SCIENCE OF DENTAL MATERIALS

*The Department of Science of Dental Materials has been actively involved in teaching and facilitating the basic science subject taught in the second year BDS, In this subject the students learn the basic properties , chemistry and clinical applications of dental biomaterials used in conventional and modern dentistry.*

*The Department of Dental Materials aims to provide the understanding of properties and handling of materials essential in both clinical and laboratory settings through manipulation, techniques, application of dental materials and their interaction with the oral environment.*

*The department has dedicated state of art laboratory, which enables the students to practice the manipulative techniques before their application in clinical setup.*

**Dr. Hira Asghar**

*Head of Science of Dental Materials Department*

## DEPARTMENT OF **OPERATIVE DENTISTRY PEDODONTICS & PERIODONTOLGY**

*The department of Operative Dentistry plays an important role in establishing the foundational concepts of dentistry to pre-clinical third professional dental students in phantom head lab and clinical final professional students in the Operative clinic for diagnosis of caries, prevention, repair & restorative techniques. This department caters patients who have extensive carious lesions and which require procedures for the restoration of missing or lost tooth structure. The section of Endodontics provides relief from dental pain by providing treatments such as root canal procedures etc. Moreso the paedodontics section caters the restoration of decayed teeth of the children.*

**Dr. Khalid Hussain**  
*Head of Department*

*The Department of Periodontology is an integral part of Faryal Dental College which is committed to optimizing the periodontal health of the patients by preventive measures like oral hygiene instruction, brushing technique, mechanical and ultrasonic debridement of pathological deposits which may harm the gums and surrounding bone structure around the teeth. The departments imparts clinical training and teaching to third professional undergraduate students of dentistry.*

**Dr. Sana Akram**  
*Head of Department*

**Dr. Naila Umer**

*Head of Oral Pathology Department*

## DEPARTMENT OF ORAL PATHOLOGY

*Oral Pathology is a clinic-basic subject taught during 3rd Year BDS. It is the science that deals with the nature, causes, and development of oral diseases. Acting as a bridge between basic and clinical dental sciences, it incorporates clinical, radiographic and microscopic knowledge of structural and functional changes that cause oral diseases or are caused by oral and other systemic diseases. This course of study introduces the students with diseases/pathologies of the oral and maxillofacial regions and allows them to apply the basic knowledge of oral anatomy and tooth morphology (which they learned in their first year). Also, the students are familiarized with the trends of diseases that follow in Pakistani population through incorporation of results of research studies (though there are only limited research areas that are worked upon in Pakistan like salivary gland tumors, squamous cell carcinoma etc.) and what are the general practitioners expected to do when they contact such patients during their clinical practice. practices will be based ultimately.*

**Dr. Ehsan Rathore**

*Head of Oral Medicine Department*

## DEPARTMENT OF ORAL MEDICINE & DIAGNOSTIC

*The Department Oral Medicine is the area specialized in dental medicine that treats various diseases occurring on the facial parts including mouth and temporomandibular joint by introducing the treatment principles of internal medicine to dental medicine. The Department Oral Medicine performs the tasks related to the diagnosis, treatment and management of mouth diseases in connection to the systematic diseases. Also by diagnosing various diseases around mouth and orofacial parts comprehensively, our department takes care of patients inclusively so that they can be properly managed and treated in relation to the tasks of disease prevention and family dentistry and forensic dentistry of involving legal applications of dental medicine.*

# ***ADMINISTRATION AND STAFF***

# CODE OF CONDUCT

*All the students have to strictly follow the general rules and regulations of the college which are related to the campus, hospital and hostels. The violations will be dealt with by Disciplinary Committee chaired by the Principal through appropriate action.*

## **Dress Code**

*The wearing of prescribed uniform has peculiar importance in medical profession. Wearing of uniform creates a pride and sense of belonging amongst the students from the very first day.*

## **Attendance**

*Each student must ensure at least 75% attendance in lectures, practical and clinics which is mandatory for appearing in the university examinations. Absenteeism without plausible reasons will be taken seriously.*

## **Academic Performance**

*The performance records of internal and university examinations of students will continuously be monitored and judged for their requisite suitability for continuation of medical education at the college. Unsatisfactory academic performance will be reported to the parents for seeking their help and cooperation.*

## **Class discipline**

*Teachers and students maintain a highly professional interaction in the academic sessions. Students must switch off their cell phones before they enter the college till the classes are over.*

## **Peaceful Environment**

*The maintenance of a safe and secure environment in the campus,*

*hospital and hostels has immense importance in a professional institute. The college accords the highest priority to this vital aspect.*

## **Correct Attitude & Behavior**

*The students are completely facilitated to devote themselves in their professional studies and expected to shun unwanted social trends. The possession and use of weapons and substances of abuse, keeping of objectionable materials and pets, smoking etc. are totally forbidden in the campus, hospital and hostels.*

## **Politics and Religion**

*The involvement of the students in any sort of political, sectarian, ethnic and other such activities in campus, hostels and hospital is viewed with zero tolerance by the college administration.*

## **Hostel Discipline**

*The hostel wardens facilitate the maintenance of a congenial environment and living of students in a disciplined manner. The residents are expected to enjoy their stay without any distraction and disturbance.*

## **Morals and Ethics.**

*The students must essentially display the highest moral and ethical standards at the college, hospital and hostels with conduct par excellence.*

## **College Property**

*The care and safety of all the property used by students will be ensured by themselves by preventing any willful damage, loss or theft.*

**Law and Security.**

The laws of country and the common rules about security will be strictly followed by the students. The security officer of the college and hospital will be apprising them regarding these laws as the need arises.

**Liaison with Parents / Guardians**

Parents / Guardians will be kept informed of the academic performance of the students on regular basis.

**Disciplinary Actions.**

The decisions taken by the Principal and Disciplinary Committee against students for violating the code of conduct will be final and can include immediate rustication or disallowing to apply for university examination roll number etc. Various disciplinary actions taken by the committee according to the nature and degree of violation of rules by the students after due deliberations of committee will be as under

1. Withdrawal from College roll.
2. Cancellation of hostel allotment.
3. Cancellation of leave
4. Cash fines.
5. Extra library sittings.
6. Ban to visit cafeteria and hostels.

7. Formal warnings to students with information to parents / guardians.

8. Disallowing to apply for examination roll number.

**Undertaking**

Each student & his/her parent will sign an undertaking at the time of admission to College.
